Hope you all have a Happy New year

THERE'S A FIRST TIME FOR EVERYTHING

Continued from the last newsletter. . .

11. **Think before shooting: once the trigger is pulled, you can't take back the shot you just fired**
12. **Never joke around or engage in horseplay while handling or using firearms**
13. **Never shoot at a hard surface or at water. Your shot may glance off, ricochet and injure someone**
14. **Never shoot at glass bottles, living trees, or inappropriate targets which would create a hazard for other persons or damage the environment**
15. **Never shoot across a highway or other roadway**

to be continued

JIM'S CORNER

GUNS RIGHT TO YOUR DOOR

Sound impossible, that's what I thought. But it's true. If you're a collector like I am then it's worth looking in to becoming a Collector of Curios & Relics or C&R. It's easy and there is no hassle. All it costs is \$30.00 for three years and a little paperwork. Apply to the ATF&E, (*the E's for explosives*), get the form, fill it out, notify the CLEO (*chief law enforcement officer*) in your town of your intentions and you're good to go. What's the catch, you cannot be in the business of buying and selling firearms as a business, and you have to record all of your purchases in what is called a "Bound Book". Other than that you can walk into a gun shop, look over the C&R eligible guns and walk out with it, or go on line to the numerous vendors, order, and have them shipped right to your door. Hey, I did it and so can you.
